Frank Wingler of the east part of the county drove his Buick car to the city yesterday.

George Ray made a business trip from Franklin to the city yesterday.

A FINE PRODUCTION.

Some years ago three young girls landed in this country fresh from Germany. Their name was Fischer and one named Emma found a good home and friends with Mr. and Mrs. Niessen with whom she lived many years and was well known in the city. She married a gentleman named Nesselhuff who moved to Manzanola, Colorado where he has amassed a large fortune raising fruits and vegetables. Many of the fine muskmelons have come from his place. The following relates to a daughter.

Halt the Hun.

(A short time ago the government asked the high schools and higher grammar grades to enter a competitive contest, in which the pupils were to write essays on patriotic subjects, these essays were to be judged outside of the school and the winner to receive a diploma from the government and the winner's name was to be forwarded to Washington as one of the Junior Four Minute Speakers. In the local school several pupils entered the contest and the judges were unanimous in selecting Miss Ophelia Nesselhuff of the 10 grade as the winner. She was awarded a diploma at the commencement exercises on last Thursday evening and her name has been forwarded to the Nation's Capitol. Following is the essay.)

If you have not been saving start at once. Do not wait another month, week, day or minute as our government needs the money to supply our soldiers with food, clothing and other necessities. Do you want the United States to win? You do and to gain the victory you must save in every patriotic way if you can. Are you patriotic? You are if you are saving.

Every one knows that it is an easy matter to save; just try it on. Make an attempt to do without some of the things you want, shows and other things you do not need. Count the pennies that you spend for some of these pleasures. You will be surprised to see how much you really can save. If you think you are suffering hardships by making a few sacrifices, just remember the many hardships of the boys at the front.

A War Savings Stamp is a green stamp, about four times the size of a postage stamp. It bears on its face the promise of the United States Government to pay the owner five dollars. Today the person only pays four dollars and fifteen cents for a stamp and on January 1, 1923 he will be paid five dollars. A plan of having War Savings Stamps is a plan by which you can lend small savings to your government. Buy War Savings Stamps at the post office, or other authorized agency, and strike a blow for our country.

By investing your money in War Savings Stamps you are not only helping the country but also yourself. Things you do not need, do not get and let this money go to the United States treasury. The whole burden of carrying on our own part in the war rests on the treasury. If the treasury fails or finds itself unable to respond to every call upon it, the war is lost. Do you realize that?

The boys are relying on the United States treasury to furnish things with which they may fight. Their lives are lost if the treasury fails. Our country is lost if the treasury fails.

Think of what our forefathers fought for. They gave us the beautiful flag of Red, White and Blue, and gave us freedom and we should do everything possible to keep them.

Unless we win our place in the world is lost and our history as one of the servant nations begins.

Ophelia Nesselhuff.

AN OVERLAND GOES TO WILLIAM NIESTRADT OF ARENZVILLE

William Niestradt of Arenzville has bought of the Overland Berger-Pine company a handsome 85-4 automobile. Mr. Niestradt knows a good thing when he sees it and invested accordingly.

HOPPER & SON HELP OUT

The shoe firm of Hopper & Son rank A number one in loyalty and desire to whip the Kaiser and to that end they have loaned two of their salesmen to the army. The gentlemen are Harry Bray and Charles Peak and they have been in the fields several days. Scott Green, Oliver Cromwell, Sam Dunlap and others have received the benefit of their labors and they are good for more yet.

BIRTH RECORD

Mrs. Frank Strawn has received word from her brother, George M. Russell of Chicago, that a little daughter, Frances Ellen, 8 1-2 pounds, has arrived at their home. Mrs. Russell is a daughter of Senator Reeve of Bloomington.

WARNING

A liberal reward will be paid for information leading to arrest and conviction of any one committing a crime against any member of A. H. T. A. No. 158.

A. C. Reid, President.

Mr. and Mrs. W. R. Turnbull of Waverly were in the city yesterday on the way to Havana to spend 4th of July with friend at Quiver Beach.

Bert Jackson, manager of the Andrews lumber yard at Charleston, drove to the city yesterday, accompanied by friends and will visit relatives here.

Mr. and Mrs. Ford Matthews of Tallula have returned to their home after a two weeks' visit in Jersey county. They drove to Jacksonville by automobile and spent a short time with relatives here.

Social Events

Fred DeFrates

Celebrates His Birthday. Monday was the date of the 43rd annual milestone along the life journey of Fred DeFrates and with some congenial friends he duly celebrated the event at the Star restaurant. Owing to the lack of a short hand reporter a copy of the congratulatory speeches and Fred's eloquent reply are not available, suffice to say all were in good part telling of brotherly feeling and regard and hopes that Fred may live to enjoy a great many more similar events.

Homemakers Circle Met

With Mrs. J. B. Sears. Mrs. J. B. Sears was hostess to the Homemakers Circle of Franklin at her home in Franklin Tuesday afternoon Mrs. Everett Burnett gave a reading which was greatly appreciated. Mrs. Catherine Scott gave a paper on "The Housekeeper's Duty to Herself." Patriotic songs were sung by the club and a social hour followed when the hostess served refreshments. The next meeting will be held with Mrs. Samuel Darley, July 16.

FUNERALS

Reavis.

Funeral services for Mrs. Ella Reavis were held from the residence at Broadway Tuesday afternoon at 4 o'clock in charge of the Rev. W. R. Leslie pastor of Centenary church. Music was furnished by Miss Cora Graham, Mrs. E. C. Carpenter, T. M. Rapp and W. W. Gillham. Burial was in Jacksonville cemetery, the bearers being Eli Lamb, John Lamb, William Crain, Howard Spears, George Spears and Charles Cline.

TO HELP HARVEST.

Dan Bahan, Jr., took Frank Sweeney, Clarence Fuller and another gentleman to the harvest field of John Lewis yesterday and all three immortalized themselves gathering the yellow bundles together and shocking them in such a manner that they will withstand all ordinary storms and bad weather. Jacksonville is certainly doing all possible to help out the farmers in harvest time.

DIVORCE SUIT FILED.

A suit for divorce has been filed by Wilson & Butler in the circuit court wherein Mrs. May Avery is seeking divorce from her husband, Frank Avery. They were married June 20, 1914, and maintained their home until December 31, 1915. Desertion is the complaint made.

WITH THE SICK

Little Gladys Duke is reported very ill at the home of her parents, Mr. and Mrs. Dio Duke in the Pisgah neighborhood.

ATTENTION THRESHERMEN! You are hereby requested to first thresh the grain in bottom lands where you can do so without special inconvenience, the object being to save the grain in the event there should be heavy rains overflowing the lands.

M. F. DUNLAP.

Food Administrator.

WE CLOSE ALL DAY In order properly to celebrate the nation's birthday we shall close our grocery all day. Miller Bros.

PRAYER SERVICE

THIS EVENING.

There will be prayer service at State Street Presbyterian church this evening at 7:30 o'clock with Dr. F. M. Rule as leader. A large attendance is desired at this service.

Miss Dorothy Furr of Carbonale is in the city for a week's visit at the home of her friend, Miss Caroline Doane on Grove street. She has just completed a visit of a week at the home of her sister, Mrs. Clark of New Berlin.

FUNERAL NOTICE

Funeral services for Miss Mary Lathrop will be held this morning at Our Savior's church at 8:30 o'clock. The remains will be taken to the church from the undertaking parlors of J. H. O'Donnell. Interment will be made at Calvary cemetery.

INDUCTED INTO

AVIATION SERVICE.

H. H. Dickinson, son of Mr. and Mrs. J. E. Dickinson of 2830 East 9th St., Kansas City, has been inducted into the aviation service and left his home city recently for the aviation repair depot at Dallas, Texas. The young man has recently been employed by the E. S. Cowie Electric Co., of Wichita, Kans., as superintendent of service. He and his parents are well known to a number of Jacksonville people.

MR. O'DONNELL TO SELL PAIGE TRUCKS

L. F. O'Donnell, distributor for Paige cars, has announced discontinuance of his agency for Republic trucks. Instead Mr. O'Donnell will handle the line of trucks now being produced by the Paige-Detroit Co. A car of Paige Linwoods was unloaded yesterday. An early advance in price is expected and prospective purchasers can save money by seeing Mr. O'Donnell now.

Hundreds of young women clerks are said to be seen behind the counters in the "chain" cigar stores throughout the United States and Canada.

TOO LATE TO CLASSIFY

FOUND—A business house key in East State street Tuesday evening. Owner can have same by calling at Journal Office and paying for advertisement.

7-3-11

TWO INJURED WHEN AUTOMOBILES COLLIDE

Rufus Harris of Modesto and Orville Dunn of Scottville Cut and Killed When Cars Collide With One Driven by John Huston of Palmyra—Accident Occurred South of Waverly.

Waverly, July 2.—Rufus Harris of Modesto and Orville Dunn of Scottville suffered severe cuts and bruises when an automobile in which they were riding collided with one driven by John Huston of Palmyra, Tuesday evening.

Harris' sister, Miss Mollie Harris who was also an occupant of the car escaped injury aside from shock. Three young women, Velma and Faye Standefer and May Bramley all of Palmyra were occupants of Huston's car. None of them was injured.

When the cars, which were both Buicks, collided Harris' car turned over several times and was badly damaged. Huston's car did not turn over but had the right front wheel demolished.

Harris in company with his sister and Dunn were enroute to Modesto from Waverly. Huston was headed toward Waverly. The cars met about two miles south of Waverly. Harris says that Huston failed to give him sufficient room to pass and that caused the collision and the resultant damage to the car and injuries to himself and Dunn.

After the accident Harris and Dunn were hurried in a car to Waverly and taken to the office of Dr. E. W. Crum. Dr. M. F. Woods was also called and they gave the injured men necessary surgical attention.

Harris had a bad cut over the right eye about two inches in length and a ruptured blood vessel in the left arm near the shoulder. He also was badly bruised about the body and had minor cuts and abrasions of the skin.

Dunn was not badly cut but had small cuts and abrasions of the skin about the head and body and also suffered painful bruises. After receiving attention a car was telephoned for and they were taken to Modesto.

WAR SAVINGS

STAMP MEETING.

A meeting in the interest of the War Savings stamp campaign was held at Walnut Grove school south of Alexander Tuesday evening. The speakers were Judge W. E. Thomson, L. B. Turner and C. A. Borna. The quota of the district was \$1

Fourth of July Celebration and Illi-Centennial Processional Pageant

JACKSONVILLE, JULY 4, 1918

Program arranged for the Fourth of July Centennial Celebration under the auspices of the Morgan County Centennial Committee follows:

Historical Statement.

Fourth of July is a triumphant day in American history. The people of the United States have been enjoined by President Wilson to appropriately celebrate this anniversary this year. The people of Illinois have called particular attention to the significance of the day and to the added interest that it should have for Illinois because of the fact that it is the Fourth of July of Illinois Centennial year. Governor Lowden has declared: "We will help us if we shall recall the achievements of our first years. We shall wish the more earnestly to be worthy of them. Who can doubt but that the historic background of the United States and England has been one of the most potent factors in the resistance they have made to military despotism in this great world." cannot too strongly urge upon the people generally to participate in these Centennial celebrations."

The State of Illinois.

Illinois has had four occupations. The Indians roamed over these lands and were, and by the French missionary priests, explorers and traders. The first of these coming in 1673. The French by exploration and occupation held the Territory of Illinois from 1673 to 1763. The British rule was from 1763 to 1778. On 1778 Colonel George Rogers Clark conquered Kaskaskia, and at the time to the present time, Illinois has been under the rule of the Colonial Government and the government of the United States. Illinois was organized as a territory and became a state in 1818, being the twenty-first state to be admitted to the Union.

Processional Pageant.

The Processional Pageant given under the auspices of the Morgan County Centennial committee will attempt to portray chronologically important events in the development of Illinois history from the time of the first settlement to the present. The pageant will be in the form of a procession, with floats and bands. The floats will all bear numbers corresponding to the numbers on the program, and opposite each number on the program will be a list of the float and the name of the donor.

The Line of Procession.

The line of procession will form at Duncan Park and will move at point at three o'clock east on West State street to the square; north around the square to East State street; east on East State street to South East street; south on South East street to Morgan street; west on East Morgan street to the square; the square and park.

Program of Exercises.

The conclusion of the parade a brief program of exercises will be held at the Reviewing Stand which will be located on the west side of the square between West State street and West Court street. The program of these exercises will be the presentation of the Morgan County Service Flag purchased by the Morgan County Centennial committee, the State Council of Defense and to be given into the hands of the Local Exemption Board.

Order of Pageant.

1. Band—Major C. E. McDougall.
2. Band—J. G. Cox, and Assistants.
3. Band—Home Guards.
4. Band—Army of the Republic.

The Floats.

The parade will be headed by the Grand Marshal and his assistants, followed by four Heralds on horseback who will proclaim the occasion.

OVER A MILLION AMERICANS ARE NOW OVERSEAS

(Continued from page one.)

243,345; June—276,372.
"Marines"—14,644.
"Aggregating"—1,019,115.

The total number of troops returned from abroad, lost at sea and casualty is 8,165, and of these, by reason of the superbly effective protection which the navy has given our transport system only 291 have been lost at sea.

"The supplies and equipment in France for all troops sent is, by our latest reports adequate, and the output of four war industries in this country is showing marked improvement."

"practically all lines of necessary equipment and supply."

"Respectfully Yours,
"Newton D. Baker."

"To which I replied:
"The White House.
"Washington, July 2, 1918.
"My Dear Secretary:

"Your letter of July 1st contains a very significant piece of news and an equally significant report of the forwarding of troops during the past year to the other side of the water. It is a record which I think must cause universal satisfaction because the heart of the country is unquestionably in this war and the people of the United States rejoice to see their force put faster and faster into the great struggle which is destined to redeem the world.

"Cordially and Sincerely Yours
"Woodrow Wilson."

"Hon. Newton D. Baker.
"Secretary of War."

Emergency Is Met.

The accelerated troop movement to France has been designated to meet the emergency created by the German effort to achieve victory before America's manpower could exert its full force. How long the present rate of transportation will be maintained depends upon developments in France and the length of time the surplus ship tonnage furnished by Great Britain can be employed for this work.

In this connection, Secretary Baker said tonight that he disapproved of speculation as to the future records in troop movements, declaring that he did not desire to have past performances made the bases of speculations for the future.

As reserves for the million and more men now in France, more than another million now are in training in the United States. It has been officially announced that three million American soldiers will be under arms by the end of this month, while information recently furnished to congress by Brigadier General R. E. Wood, acting quartermaster general disclosed that his department is planning to clothe 4,000,000 men on next January 1.

General Crowder recently told the senate military committee that Class One registrants will be exhausted by the first of the year and he added the significant statement that every day expects a heavy call to be made during the first six months of next year.

In discussing the heavy movement of troops in the last three months, Mr. Baker said it was worthy of mention, that the month in which German submarines were operating off our coast was the month in which we made the record number of shipments.

In this connection it was recalled that not a single American transport carrying troops to

Europe had been sunk by Germany's sea forces, the only one destroyed having been attacked when returning home without the protection of American destroyers and other naval craft.

Two British vessels carrying American soldiers have been torpedoed and a third was sunk last month when returning to this country without convoy.

Secretary Baker's letter reveals for the first time the number of marines sent to Europe. They form only about half of a division but they have been giving a splendid account of themselves since they helped to stem the German thrust for Paris and reports today from France showed that they again had battered thru the German trenches and then resisted furious counter assaults.

DENNY'S PICTURE MORE PRECIOUS THAN DIAMOND

New York Woman Shocked at Loss of Son's Photograph, Although She Picks Up Bag Containing Valuable to Amount of \$71,000.

New York, July 2.—Mrs. J. Harrison Thompson of Chicago and Mrs. Jane Riley of New York sat side by side in the waiting room of the Pennsylvania terminal today. Each had a small black bag. In Mrs. Thompson's bag were \$25,000 in government bonds, \$6,500 in cash and all kinds of diamond jewelry. In Mrs. Riley's bag was a photograph of her son Denny in a soldier's uniform, a purse containing eight cents and the remnants of a lunch.

When the Pennsylvania Limited was called Mrs. Thomas picked up a black bag started for the gate. A bout the same time Mrs. Riley, having rested after her trip to Camp Upton picked up a black bag and started for Seventh avenue.

When Mrs. Thompson reached the gate she opened the bag to take out her tickets.

"My diamonds!" she shrieked. Station employees quickly mobilized. A little amateur sleuthing led them to Mrs. Riley, walking wearily toward Seventh avenue. She was indignant when asked to open the bag she carried, but complied with the request.

"Oh, where is my Denny's picture?" she cried.

Explanations followed, each woman was given a receipt by the station master, and Mrs. Thompson caught her train.

"What are diamonds compared with Denny's picture?" demanded Mrs. Riley as she handed a street car conductor five of the eight pennies in her shabby purse.

VON BUELOW CHIEF ON ITALIAN FRONT

ZURICH, July 2.—General von Buelow has been appointed commander-in-chief on the Italian front according to Munich papers.

General Otto von Buelow led the Austro-German forces in the great offensive along the Isonzo last October. He remained there until last winter when he was transferred to the German armies on the French front. He was in the Bapaume sector during the March offensive and was in command of a portion of the German army during the battle south of the Aisne late in May.

The great bulk of the poultry and eggs consumed each year in America is the product of poultry flocks managed by women.

RELATES EXPERIENCES ABOARD SUBMARINE

(Continued from Page 1.)

ty six hours we were rescued by a British destroyer and here I am with every comfort and attention. But I cannot help but feel that if the Germans had not interfered, we could possibly have saved many of those poor souls in the water clinging to wreckage and crying for help that never came."

Major Lyon formerly lived in Vancouver, B. C., but entered the medical service from his home town, Edinburgh.

Ships Sailing Delayed.

Washington, July 2.—Plans for the sailing of the American hospital ship Comfort, which it was proposed to send thru the submarine zone without convoy has been delayed by the ruthless destruction of the Canadian Hospital Ship Llandovery Castle. It is not yet decided whether the original plans will be changed.

Before sinking the Llandovery Castle, the German submarine commander charged that the vessel carried American flight officers and a similar claim has been made when another British hospital ship was sunk. No American combatant troops have been carried by British hospital ships nor would any but non-combatants have been carried on the Comfort.

A high naval official pointed out today that all nations are notified of the time of the sailing of a hospital ship, its course and the time of its return and said that naturally the question arises as to the advisability of following the rules of international law in this respect with the sailing of the Comfort when Germany refuses to recognize these rules. Secretary Daniels declined to discuss the matter today further than to say that the Comfort is not ready to sail and that no time for her departure for Europe to bring home American wounded has been set.

Find No More Survivors.

London, July 2.—A thorough search of the waters in the vicinity of the spot where the Canadian Hospital Ship Llandovery Castle was sunk by a German submarine has resulted in no further survivors being found. An official statement issued by the admiralty says it may be assumed that only twenty-four out of the 258 persons on board were saved.

The admiralty statement says: "The area between the spot where the Llandovery Castle was sunk and the southwest Irish coast has been thoroughly searched by two groups of his majesty's ships in addition to the (destroyer) Lyster. Only a little wreckage and one empty boat were found. It may be assumed that there are no more survivors from the Llandovery Castle."

GASOLINE IS NOW RATIONED IN IRELAND

Use of Automobiles for Private Purposes Hedged About With Most Rigid Restrictions—Confiscation of Gasoline by Rural Police.

Dublin, June —(Correspondence of the Associated Press)—Gasoline is the most strictly rationed article in Ireland today. The use of automobiles for private purposes is hedged about with the most rigid restrictions, and elderly women are persecuted if they go shopping in motor-cars.

Under these strict regulations regarding the use of gasoline, one of the perpetual mysteries is how the Sinn Feiners are able to get apparently as much as they like without leave or license from the Petrol Commissioners. In a recent raid for arms on a castle at Baroncourt, the Sinn Feiners arrived in twenty motor cars, all abundantly supplied with gasoline. The rural police are constantly reporting the confiscation

of gasoline from cars which are being operated without proper permits.

According to insiders in Dublin, this is to be explained by the fact that considerable quantities of gasoline have been washed ashore along the Irish coast from torpedoed ships, usually in cans, barrels, or large drums. Legally, all such finds are the property of the State, but the state seldom gets it for the rewards paid to honest fishermen who turn over such treasure to the government are insignificant, while the fishermen who picks up a drum or two of petrol out of the Atlantic, perhaps at some personal risk, can always dispose of his find surreptitiously at a large price.

Secret of Cold Pack Canning

WITH CONSERVO

The great conservor of food, fuel and time—canning is a joy because it is all done without any of the work and uncertainty of canning by other methods.

Conservo works automatically. You do not have to worry about steam pressure or any complicated bothersome gauges.

Simply prepare the food in cans or glass jars according to your recipe, then place them in Conservo. The steam pressure does the rest, forcing the contents, sterilizing and cooking the food perfectly in a short time.

Cans all foods—fruits, vegetables, meats, soups, fish, fowl, 100 per cent results. By perfect sterilization in Conservo, long keeping foods are preserved.

Conservo canning retains indefinitely the flavor of the vegetables—also their life-like shape and appearance.

With Conservo working for you, you will be encouraged to put your business basis. You will watch the food market closer and buy your food it is possible to can in your Conservo.

Conservo is recognized and endorsed by the United States Government National Emergency Food Garden Commission, and hundreds of Domestic Science Schools everywhere. See Them At Our Store.

JUNE COW TESTING REPORT PUBLISHED

Figures for Thirty Day Period Reported by the Jacksonville-Springfield Cow Testing Association—J. Parker Doan Herd Makes Highest Average for Month.

The June report of the Jacksonville-Springfield Cow Testing association has just been issued by Earl R. Jackson, official tester. The association had thirty four cows which produced 40 lbs. of butter fat, compared with fifty four for the previous month, the decrease being due to the warm weather and other conditions. The cow having the highest record for the month belonged to M. E. Eldred of Carlville, this animal producing 1,659 lbs. of milk test-

ing 3.3 per cent, and 54.74 lbs. of butterfat. The highest herd average for the month of June was made by the twenty four head owned by J. Parker Doan of this city, the average being 763 lbs. of milk and 37.36 lbs. of butterfat. The herd of M. E. Eldred of Carlville was second highest, with an average of 633 lbs. of milk and 32.28 lbs. of butterfat. This herd includes fourteen animals. The Illinois School for the Deaf herd will soon include ten pure bred Holsteins, as ten grade animals were recently sold and are to be replaced by the pure bred stock.

The following is a list of the cows which have produced 40 lbs. of butterfat, together with the name of the owner:

J. Parker Doan, Jacksonville, 6 cows.
M. E. Eldred, Carlville, 4 cows.
L. J. Foster, Auburn, 4 cows.

W. S. Corsa, White Hall, 3 cows.
G. L. McCully, Springfield, 3 cows.
Illinois School for the Deaf, Jacksonville, 3 cows.
M. S. McCollister, White Hall, 2 cows.
Jacksonville State Hospital, 2 cows.
Otis Johnson, Chapin, 1 cow.
B. M. Burke & Son, Carlville, 1 cow.
Edwin Corbin, Carlville, 1 cow.
J. H. Canham, Springfield, 1 cow.
John Vorhees, Springfield, 1 cow.

The tabulation below gives the record of the cows in the association which have produced more than 47 lbs. of butterfat for the 30 day period:

M. E. Eldred, Grade Jersey, 1188 lbs. milk, 4.8 percent fat, 57.02 lbs. butterfat.
M. E. Eldred, Grade Jersey, 936 lbs. milk, 5.4 per cent fat, 50.54 lbs. butterfat.

J. Parker Doan, Grade Holstein, 1128 lbs. milk, 4.8 percent fat, 54.14 lbs. butterfat.
J. Parker Doan, Grade Holstein, 1230 lbs. milk, 4.4 percent fat, 54.12 lbs. butterfat.

J. Parker Doan, Grade Jersey, 1143 lbs. milk, 4.6 percent fat, 52.51 lbs. butterfat.

J. Parker Doan, Grade Jersey, 981 lbs. milk, 5.2 percent fat, 51.05 lbs. butterfat.
M. S. McCollister, Grade Jersey, 870 lbs. milk, 5.8 percent fat, 50.46 lbs. butterfat.

G. L. McCully, Grade Holstein, 1521 lbs. milk, 3.3 percent fat, 50.29 lbs. butterfat.
Ill. School for Deaf, Grade Holstein, 1659 lbs. milk, 3.3 percent fat, 49.03 lbs. butterfat.

Ill. School for Deaf, Grade Holstein, 1362 lbs. milk, 3.6 percent fat, 48.03 lbs. butterfat.
Ill. School for Deaf, Grade Holstein, 1500 lbs. milk, 3.2 percent fat, 48.00 lbs. butterfat.

Edwin Corbin, Short Horn, 1149 lbs. milk, 4.0 per cent fat, 47.96 lbs. butterfat.

W. S. Corsa, Reg. Jersey, 705 lbs. milk, 6.8 per cent fat, 47.94 lbs. butterfat.

John Gross of Danville is visiting friends in the city.

WINS GOLD STAR FOR SELLING WAR STAMPS

Mrs. W. H. Decker Sells Over \$3,000 Worth—Missionary Circle Met—Other Litterberry News.

Litterberry, July 2.—Mrs. W. H. Decker of West Capital street, sold last week War Saving stamps to the amount of \$3050.00 which shows her patriotism and willingness to do her part. She won the gold star, also the good opinion of all this community by her splendid persevering work. She also sold some thrift stamps. Mrs. Decker is not the only patriotic woman in Litterberry. Some of our worthy neighbor women went into the harvest field and carried and shocked wheat; this is commendable in our scarcity of help and shows another way of "doing our bit."

The Missionary Circle met on Thursday with Mrs. A. G. Dunlap at Dunlap Heights. After the devotional part, there was a reading. Missions, by Mrs. John Grey. Song, "He's the Savior of the Nations of the Earth." Recitation, "The Difference in the Heavens Mother and the Christian Mother," by Eleanor Guy.

The study book for the remainder of the year will be "The Mothers." Three interesting chapters were read from this book; readers were Mrs. C. A. Beavers, Mrs. Dunlap and Mrs. Guy.

Refreshments were served and a good offering was taken. The Baptist Sunday school has decided to spend fifteen or twenty minutes once a month at the close of the Sunday school hour, on the explanation and study of missionary work. This is for the benefit of the children. The first attempt at this new move was on last Sunday, and we believe it will be a success and an awakening to a better interest in missionary work.

Mrs. Ellen Neil of Arcadia, is visiting friends here.

WARNING

Premature shooting of fireworks, fire crackers and fire arms before July 4, is in violation of the city ordinances. All violators will be arrested and fined.

George P. Davis,
Chief of Police

KANSAS IS LEADER IN WAR ACTIVITIES

Western State Has Envious Record in Various Time Movements—State Went "Over the Top" in Each of Three Liberty Loan Drives.

Topeka, Kansas, July 2.—In the first year of American participation in the war, Kansas furnished 40,000 men for the army, and navy. Despite the universal draft, Kansas early in June still had to her credit more volunteers than drafted men in the service. According to records of the State Adjutant General's office, 18,375 Kansas had volunteered thru the federalized national guard or the regulars and 17,498 had been selected for the National Army. This makes a total of 35,873 in the whole army while approximately 4,000 volunteered their services to the navy and marines. There was, therefore, one Kansas man in the service for approximately every 42 men, women and children in the State's population of 1,700,000.

The same spirit shown by Kansas men in assuming military duties eagerly, has been shown by the people of the state in backing up the military forces with its dollars. To the Red Cross Kansas has contributed approximately \$8,000,000—the two "drives" having netted respectively \$3,000,000 and \$2,500,000, the other \$2,500,000 having been contributed by a membership campaign and by the various chapters thru their individual efforts.

There are 110 Red Cross chapters in the state. Each chapter maintains a live organization, women taking a leading part in a systemic campaign of knitting helmets, socks and sweaters, making surgical dressings and other supplies needed by the Red Cross. It is estimated that there are at least 10,000 Kansas women thus actively engaged in Red Cross work. In the recent Red Cross drive Kansas raised nearly \$1,000,000 in excess of its quota of \$1,584,000.

In two campaigns for the Young Men's Christian Association war fund the state has contributed \$750,000, the campaign of last November running \$150,000 more than the Kansas quota. The state has furnished more than one hundred Y. M. C. A. secretaries for overseas service.

In subscribing to the Liberty Loans, Kansas has "gone over the top" in each of the three drives, contributing in all \$98,500,000. In the Third Liberty Loan campaign, with a quota of \$30,301,000, the state ran up a total of more than \$47,000,000. In this Topeka led the nation for cities of its population with a showing of 202 per cent of its quota.

GRIGGSVILLE

Miss Anna Driscoll spent Saturday in Jacksonville with Miss Mary Wagner.

Leo Haller of Beardstown is here to spend the summer with his brother John Hellar.

Gerry Wassell arrived home from a several day's visit in Shipman with relatives.

Mrs. George Kneeland has been spending several days in Chapin with her sister.

James Fox who graduated from the St. Louis University is home for the summer vacation.

Miss Daisy Gist of Louisville, Ky., is here visiting her parents Mr. and Mrs. James Cheesnight and family.

SOILED WASH DRESSES ONLY 25 CENTS AT HERMAN'S JULY CLEARING UP SALE.

BRIEF PARAGRAPHS FROM MEREDOSIA

Items of Interest of The Doings in Meredosia and the West Part of the County.

Meredosia, July 2.—Dean McPherson of Chaddock school, Quincy delivered two splendid sermons at the Methodist church Sunday and afterwards gave some very interesting explanations about the school and its work.

Brac Follis, son Andrew and daughters Misses Ida and Alice and Mr. Edmund of New Berlin attended the funeral of Merle McDaniel here Saturday.

William Moss, Jr., of New Salem was the guest of his sister Miss Ada Saturday and Sunday.

Mrs. James Galaway and daughter Berthyl are spending the weeks with friends at Olney.

Mrs. J. C. Lewis of Bluffs was a business visitor here Saturday.

Mrs. Wright Ham and baby returned Saturday from a visit with her mother Mrs. Fannie Speelman in Chicago. Her brother Allen accompanied her home and returned Sunday evening.

Mrs. Charles Bonnett of Bluffs was the guest of Mrs. W. D. McDaniel here Saturday.

Miss Bertha Starks of Kirksville, Mo., is visiting her parents Mr. and Mrs. Louis Starks.

Mrs. Hannah Keller has returned from an extended visit with her son at Quincy.

Fred Jordan of Granite City, Missouri to this city Saturday to visit relatives but found the roads so muddy he was compelled to return Sunday by train.

Miss Frances James visited friends in Versailles from Saturday until Monday.

Miss Flora Kiel spent Monday in Springfield.

Mrs. Rena Pond received an appointment for departmental work at Washington, D. C., under the civil service and departed Monday morning to accept the same.

Mrs. Joseph Vance of Quincy is visiting Mr. and Mrs. Isaac Harbert.

Mrs. S. L. Harwood and Mrs. Orin Hale left Monday for their homes in St. Louis after visiting at the home of Mr. and Mrs. W. J. Hale.

Mrs. C. W. McLain and daughter Marjorie were Jacksonville visitors Monday.

Miss Lucille Shaan returned Monday to St. Louis after a visit with Miss Deloise Harms.

Mrs. George Hyde had the misfortune to fall Friday while in Jacksonville and struck the concrete curbing cutting her face quite severely. She with her husband and daughter Mrs. Arthur Hancock were crossing the street when an automobile came near running over them and in trying to escape, Mrs. Hyde met with this injury. Mr. Hyde found himself upon the radiator of the car when it stopped. Mr. Hyde and daughter Mrs. Hancock were unhurt.

Mrs. Kate Carver, son Will and daughter Mrs. Kate Schroll of St. Louis motored to this place Saturday for a few days stay. A meeting in the interest of the War Savings Stamps was held at the high school building Friday evening. The meeting was opened by Chairman C. F. Hedrick, after which the audience sang "America." Rev. D. L. Jeffers then offered prayer. A

"MON VIEUX, PREND DU FER NUXATE"

This is what you hear 'over there'. Even in France they say "TAKE NUXATED IRON OLD PAL"

As a tonic, strength and blood builder probably no remedy has ever met with such phenomenal success as has Nuxated Iron. It is conservatively estimated that over three million people annually are taking it in this country alone. It has been highly endorsed and used by such men as Hon. Leslie M. Shaw, former Presidential Cabinet Official (Secretary of the Treasury), United States Judge Atkinson of the Court of Claims of Washington; Judge Wm. C. Chambers, Commissioner of the United States Board of Mediation and Conciliation, formerly Chief Justice of the International Court, Samoa; former United States Senator Richard Rolland Kenney of Delaware, at present Assistant Judge Advocate General U. S. Army; General John L. Clem (Retired), the drummer boy of Shiloh, who was Sergeant in the U. S. Army when only twelve years of age; General David Stuart Gordon (Retired), hero of the battle of Gettysburg; physicians who have been connected with well known hospitals have prescribed and recommended it. Former Health Commissioner Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician.

Dr. J. J. Newman, late Police Surgeon of the City of Chicago and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven thru his own tests of it to excel any preparation he has ever used for creating red blood, building up the nervous system, strengthening the muscles and correcting digestive disorders.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York and the Westchester County Hospital says there are no known drugs which are nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how long you can walk without becoming tired. Next take two five grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Manufacturers' Note: Nuxated Iron which was used by former members of the United States Senate and House of Representatives, and other prominent people with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

beautiful vocal solo "What Are You Going to Do to Help the Boys?" was well rendered by Miss Tena Kappel. A male quartet composed of Rev. Mr. Jeffers, Bert Bond, Kenneth Looman and J. A. Hilderbrand then sang "Bid the Din of Battle Cease." Mrs. L. H. Wegheoff sang "Pray for the Boys Out There." The President's Proclamation was then read by C. P. Hedrick which was followed by a short but interesting address by Rev. D. L. Jeffers. The sale of stamps occupied the remainder of the time. The sales for that evening were \$9,000 and with those previously sold amounted to \$23,320. The quota for this school district was \$7,900.

Fourth of July, 1918

Never before in the history of our country has this holiday been so important an occasion as it is this year.

The beginnings of a nation are significant; the events which celebrate on the Fourth of July—the Independence of a Nation—was a great event in the history of the world.

But our country is doing today a much greater thing making a beginning; it is "carrying on" the same great ideal which our national life was founded—the cause of Free Peoples everywhere.

We should celebrate the day with a new consecration to the great principles which our forefathers laid down; for which all our wars have been fought.

With the Colors"

Letters of Interest from Jacksonville Boys in the Country's Service.

Following letters have been received from Mr. and Mrs. J. A. Mason, of Jacksonville, who are following their son, Homer, in France.

"Somewhere in France."

Dear Mother and Father:

I am getting very anxious to hear from home. I don't know how long it will be before our mail will reach us. American soldiers here tell us that it usually takes from four to six weeks to get an answer from the United States. Don't forget to write—My address will be same company and battalion, American E. F. Hoping you are all well, I am lovingly,

Homer.

Raymond R. Mason, a Morgan county boy now with the U. S. forces in France, has written the following letter to his parents, Mr. and Mrs. L. H. Mason of route 4, this city.

American Expeditionary Forces, June 14, 1918.

Dear Mother and Father:

I will try and drop you a few lines to let you know I am in the best of health having a good time and going to school every day. We have to work pretty hard now at school but it is only for six weeks. Then we will tell some one else how to do our work. It is all telephone work and very interesting stuff.

This is sure a fine country. I can't tell much difference between this and some places in the U. S. But of course give me the good old U. S. all the time.

Well, how is everything at home this summer? I guess it is just the same as it was when I was there. Oh yes, I almost forgot I have a birthday coming this month and not very long off either.

Jim likes it just as well as I do over here. All he does is sleep, so why should he worry? (I sleep some too by the way.) One good thing about this place is we have a lot of grape wine, good wine too. But it doesn't bother me at all. I can take my wine and then stop, so don't worry. We get tobacco issued to us to Durham and Horse Shoe chewing and I smoke but very little and don't chew at all, so it don't bother me whether they give tobacco or not, but I always give my share to my bunkie. I will try to spell his name, Wm. Schenvisner. Some name but he is sure a good pal. We are together all the time. He says he is coming home with me when the war is over, and he will too. He is from New York City, but he could have a good time on my little farm in Illinois.

Well I can't write very much at a time but will try and write every week. Now don't worry for I will be O. K.

Your son,

Raymond R. Mason, Hedq. Co., 77th F. A. C., American Expeditionary Forces, Somewhere in France.

The following letter has been received by Mrs. E. M. Coe from her son, George F. Coe, who is now with the 108th field artillery on French soil:

June 9, 1918. France.

Dear Mother:

Since writing to you last I have had about two years education added to what I already have. It is impossible for me to give any definite facts but I have enjoyed the trip so far very much. I have been fortunate enough to see 3 or 4 of the large cities outside of the U. S. One city reminded me of the town Smith College is in but of course geographically different. I have tried to keep my eyes open and mouth shut and the different customs, etc., have been interesting. The people's talk, dress, actions, trains, cities, in fact everything is of course different and interesting. I even had a glimpse of England.

Everything in this part of the country is serious and all are for the same cause. The Americans are treated very well and it isn't as hard to get around as you might think. I haven't had any trouble at all. The "Y" and Red Cross are on the job every place and a help they are. I think I forgot to tell you how queer all ships look now camouflaged as they are. Streaks and daubs of different colored paints.

The weather here is very nice, sunny and pleasant. Haven't seen mud since leaving the U. S. It is June tho, so it should be nice but from letters others wrote home I thought it rained most all the time.

Four weeks ago yesterday I left Georgia and have certainly traveled some since. Until today I hadn't seen a paper and today's paper says the U. S. soldiers are gaining ground. You really get news sooner than we do. I guess, I haven't received a letter since leaving Camp Mills and am anxious to hear from you. Please write lots of news and send interesting clippings. Let me hear about Donald Joy, Fairbanks Smith and others. Please send Don's address. I haven't seen anyone I know and it will be a chance or luck if I do I suppose. One thing I miss is candy and sweets as both are very scarce here, in fact it's almost impossible to get them. Meat and other provisions are also scarce. The armies benefitting by what the people give up.

Maybe you think I now have a better idea as to how long the war will last. One can't tell any more here than in the U. S. and ideas are varied. Everyone of course hopes it will be over soon. As to this regiment and battery all are well and in the best of spirits. You couldn't find a happier bunch. One learns something every day. I guess that's about all I can say for the time. Don't worry about me because I am fine and am enjoying everything. Write often and lots of news. Don't work hard and keep well. Since starting this we have been allowed to write the name of the camp we are now in, so in writing address it as follows:

108th Field Artillery, Battery B, Camp de Mencon, Vannes, France.

Will write again as soon as possible. Much love from,

Your loving son,

George.

The following letter was received a few days ago by Mr. and Mrs. W. W. Fox from their son, Ordain, who is now in France with the 7th U. S. Engineers:

June 9, 1918.

Dear Papa and Mama:

I received a letter from you yesterday, the first mail we have had for two weeks. It is rumored however, that there are 12 sacks at headquarters. I am sorry to hear that you were sick, papa. But as also glad to know that you are well again. How did Mr. Smith make out at the store? That sure must have been some flood you had there. We have been having great weather the past two weeks. A good rain would help the people here tho. They are now cutting hay, using everything from an old cradle to a modern mower. And you ought to see the women work. It beats everything I ever saw. They are strong too, believe me, and healthy. The children are also working in the fields. The ground here is very poor and needs quite a bit of fertilizer.

We have had a busy week of construction and receiving materials. Several nights we have had to work late unloading as cars can only be held one day. I have just finished guard. We have one prisoner in now and it takes four men from duty to guard him. We expect some infantry in here pretty soon. We were looking for them last week. It seems that the sinking of those ships in N. Y. harbor will wake the people up over there. The boys are sure driving those Germans back now. The marines especially are active. I was over in their place about a week ago.

We see troops going up every day here and I am sure there are more here than the people back home think. The German prisoners all claim that they were told that no Americans were over here and that they could not come, etc. They claim they are beat if our boys are here as our boys are the best they have seen. The marines drove back the crown prince's crack troops which the French and English were retreating from.

(Monday morning). Well, we had a couple of light showers during the night and they were sure fine, as the roads were so dusty and everything rather dried up. I am in room orderly this morning. That is, I am on guard in our barn to see that nothing is taken or stolen from the boys while they are at work. We take turns about at it. I guess I will sleep about (joke) half a day also just for good luck, you know. There are an endless number of supply trains going thru here every day for the front. I received a letter yesterday from Mr. H. B. Jaeger and his son from the T. P. A. convention at Champagne, Ill. You remember I was with them at Quincy last year.

Some more of our men joined us yesterday as they just arrived from the states. They have been all over France looking for us. You will receive this letter about the 4th of July, so I hope you have a glorious Fourth. We are having fireworks enough over here, however, for you folks too.

Save the powder, etc., we need it here. I am getting along fine and I believe getting a little healthier. With best wishes,

Your loving son,

Ordain P. Fox, Co. A, 7th U. S. Eng., A. E. F. P. S. Tell all my friends to write. I understand that we can receive no more packages for a while.

FRANCHISE DEMAND IN JAPAN OF INTEREST

Constitutional Party Demands That Right to Vote be Extended in Japan—Only Small Proportion of Male Population Now Has Franchise.

Nagoya, Japan, July — (Correspondence of the Associated Press)—Demands that the right to vote be extended in Japan in consonance with the progress of the age were adopted at a meeting recently of the Constitutional or opposition party. Some 3,000 members representing eleven provinces were present, and Viscount Kato, formerly Foreign Minister, the president of the party, presided. The franchise demand is of interest because only a small proportion of Japan's male population has, at present, the right to vote.

The resolutions also declared that Japan's diplomacy should be reformed, particularly with regard to China, that in view of the war, naval armaments should be replenished, that national finance and economics be strengthened, that educational institutions be increased and improved and that the circulation of money and the prices of commodities should be regulated.

A manifesto was adopted insisting that in the face of the grave international situation produced by the war, the collapse of Russia and the domestic commotion in China, Japan has no fixed policy, and alleging that the present government enjoys neither prestige among the powers nor confidence among the Japanese themselves.

The manifesto continued: "Under these circumstances, it is no

wonder that Japan's diplomacy is feebly conducted, her national defense program has been properly formulated, her finances undisturbed, and her social life not put on a sound basis. We are determined to do our best to secure a change of the present cabinet so that the state administration may be conducted on the basis of sound public opinion."

DURING OUR JULY CLEANING UP SALE DRESSES OF ALL WOOL MATERIALS SUITABLE TO MAKE OVER FOR CHILDREN ARE OFFERED FROM 95c TO \$2.95.
J. HERMAN.

AT CAMP JOS. JOHNSTON.
Harry Hadden, son of Mr. and Mrs. James Hadden of Caldwell street, has reached Camp Joseph Johnston, Jacksonville, Fla. He enlisted some time since in the quartermaster's corps and was assigned for training to the southern camp.

Mrs. Louis Kelly and daughter have gone to Monroe City, Mo., to visit at the home of T. L. Cannon and family.

VISITOR FROM IOWA.

Sheldon Jackson of Creston, Iowa is in the city visiting his aged father, James Jackson, and other relatives. He gives a fine account of conditions in the Hawkeye state and says they could feed a great part of the world. He finds the corn crop of the part of Illinois he has seen rather ahead of the Iowa crop tho not a great deal better. He has traveled somewhat extensively in the western part of the land and says it is noticeable that almost everywhere one goes he finds persons from Jacksonville or Morgan county.

His part of Iowa, like most of its portions, is very loyal to the government and is doing all possible to win the war. They have some people there of German descent but they are loyal or quiet. He mentioned one native and wife of the Kaiser's country who have 27 relatives in the German army and naturally they feel somewhat interested in them but are American citizens and true to their adopted land.

Mr. Jackson has a son in the service and would gladly be there himself were he young enough. His wife is visiting relatives in Carthage and he expects to join her there today.

OVERLOOK PATRIOTIC USAGES

Officers of James Caldwell chapter D. A. R. have called attention to the fact that Jacksonville people as a rule are somewhat negligent in the matter of saluting the flag. In most other cities now the people are justly punctilious about this matter and it is hoped that the custom may soon be well established in Jacksonville. The chapter also desires to call attention to the patriotic practice of standing at attention whenever the Star Spangled Banner is sung.

In order to allow our employees to properly celebrate the National Holiday our stores will be closed all day, July 4th.

Geo. T. Douglas, A. R. Taylor, Vannier C. & C. House.

Mr. and Mrs. Earl Carlton of Bluffs were among the shoppers with city merchants yesterday.

All union meat markets will close at 10 A. M. July 4. L. P. Conlee, Pres.

LEMON JUICE FOR FRECKLES
Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautified at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear soft and white the skin becomes. Yes! It is harmless.—Adv.

ENOZ
KILLS MOTHS

Destroys the Moth
with Remedies Merely Aim to PREVENT and Few Do Even That

prevent moths without killing them. And ENOZ is the only compound on the market that does kill them.

ENOZ is annually saving millions of dollars which the moth formerly destroyed for furriers, clothiers, tailors, furniture houses, dealers in fine rugs, carpets, feathers, etc. Ask for the names of some of America's big firms that depend absolutely on ENOZ.

Every Household Needs ENOZ
Sprayer and Liquid sold in combination for \$1 at drug, department and hardware stores. Additional liquid, pint size, 75c; quart size, \$1.00.

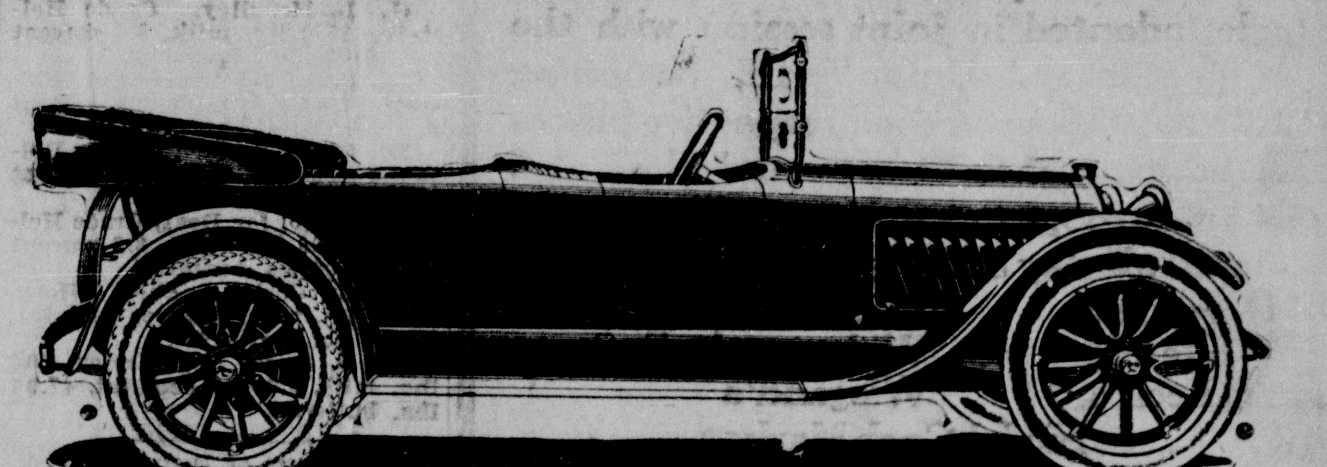

If your dealer hasn't it—we will send it to you prepaid upon receipt of \$1.00

Dr. HARPER'S

Next Visit to Jacksonville

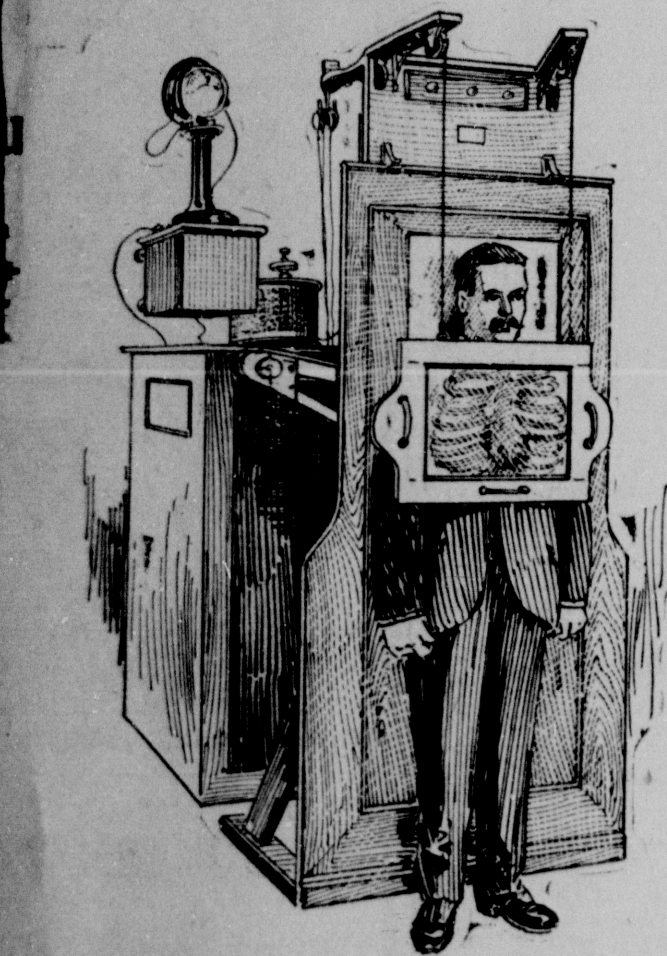

—Will Be—

Friday, July 5th

DUNLAP HOTEL

Dr. Harper makes X-RAY and other examinations and
consultation free. He can take a few more patients
his time for treatment at Jacksonville. If you are
suffering from any of the following conditions, do so on his next visit.
Many people who have been examined and treated by
Harper during the past twelve years are bringing other
members of their families and their friends, that they
find out what is the matter with them, so that they
be treated.

Dr. Harper wants to give all an opportunity to be treat-
ed. Go for an examination and treatment FRIDAY,
July 5th.

X-Ray Examinations Free

This is the way the Lungs, Heart, Stomach and other organs may be
Examined by use of the big X-RAY Machine.

Examinations have failed, even if you think yourself incur-
able. Miss the opportunity of an examination and con-
sidered to you free of charge.

Lungs, Stomach, Nerves, Skin

A Call to Every American

War Savings Stamps are a call to the thrift and patriotism of every American—a call that must be met by every man, woman and child who shares the blessings of this free country, if we are to carry on this war as a united people.

WHAT THEY ARE

War Savings Stamps are the most democratic form of government securities ever issued—a profitable, simple cure investment backed by the entire resources of government and people of the United States. They steadily in value from the date of purchase to the date of maturity this increase is guaranteed by the government.

These stamps are issued in denominations of \$5.00. Stamps 25 cent each.

THE \$5 WAR SAVINGS STAMP

The \$5 War Savings Stamp is a stamp for which the government will pay you \$5 on January 1, 1923. Its cost today if bought in February, 1918, is \$4 13 (this cost increases 4 per cent each month during 1918)—that is 4 per cent interest compounded quarterly.

MURRAYVILLE M. W. A. DEDICATE SERVICE FLAG

Exercises Were Held in Park—Flag Contains 12 Stars—Address by Gilroy.

Murrayville, July 2.—Members of Murrayville Modern Woodmen held service flag dedication ceremonies in the public park here this evening. There was a large number present and the main address was made by Mr. Gilroy of Canton, a lecturer of the order. Rev. Roy March acted as chairman of the evening.

The flag was presented to the Woodmen by Mrs. Louella Seymour and was received in behalf of the camp by Venerable Consul E. T. Doyle. There were a number of patriotic songs by the audience and the Royal Neighbors drill team gave an exhibition drill during which the letters M. W. A. and R. N. A. were formed.

The service flag contains 12 stars and those represented are: Walter Lawson, Edward Wild, William H. Osborne, Clyde M. Fanning, W. M. Loneragan, Glenn Fisher, Clarence Phillips, Dean Lamb, W. M. Bacon, John Dowling, Fred Preston and Clyde Beroggin.

MURRAYVILLE MAN RECOMMENDED FOR ARMY COMMISSION

Irvin G. Haynes Receives Special Recommendation from Colonel of His Regiment as First Lieutenant of Infantry in National Army.

The following recommendation from Colonel Russell C. Dangdon concerning Corporal I. G. Haynes was received by his mother, Mrs. John Haynes of Murrayville a few days ago. The colonel's letter, which was written to the adjutant general of the army, is given here:

Infantry School,
1st Corps School,
A. E. F., April 5th, 1918.

From: Colonel Russell C. Dangdon, U. S. Infantry.

To: The Adjutant General of the Army.

Subject: Recommendation of Corp. Irvin G. Haynes, Military Police Co. No. 1, 1st Div., A. E. F. for commission.

1. I earnestly recommend Corporal Irvin G. Haynes, Military Police Co. No. 1, 1st Division, A. E. F. for appointment as a first lieutenant of infantry in the National Army.

2. This soldier has been known to me since he joined Company B, 22nd U. S. Infantry on June 26th, 1916 of which at that time I was captain. Soon after he joined the company he was appointed a non-commissioned officer on my recommendation.

3. He is an exceptionally efficient man, has good leadership in the handling of men; is of high moral character, intelligent and prompt in the performance of duty; is invariably temperate and clean in habits, and is at all times soldierly in bearing and address.

4. His military records are as follows:

First enlistment, September 6th, 1899, to September 5th, 1902, in Company E, 3rd U. S. Infantry. Discharged as sergeant with character "excellent." Served in Philippine Islands, October 27th, 1899, to March 19, 1902. Participated with company in engagements with Filipino insurgents at Barro Degato, at Bahay Paria, and at Loag (all in Pampanga Province). Second enlistment (present one), May 16th, 1916. Appointed Corporal in Company B, 22nd U. S. Infantry August 14th, 1916. Transferred as Corporal to newly organized headquarters troop, August 2nd, 1917. Arrived in France August 20th, 1917. Transferred as private to Headquarters Troop, 1st Division, A. E. F., on disbandment of the troop which was organized in the United States. Transferred from Headquarters Troop to Military Police Co. No. 1, 1st Division, A. E. F., October 27th, 1916. Appointed Corporal March 13th, 1918.

5. I would be very glad to have this soldier as an officer in my regiment were I a regimental commander.

Russell C. Dangdon.

NOTICE! NOTICE!

We will be open till noon the 4th but we urge you to buy your flags today if you can. Lane's Book Store.

DR. TINGLE HAS HIGH EDUCATIONAL HONOR

Former Professor at Illinois College is Elected Fellow of Royal Society of Canada.

Many Jacksonville people remember Dr. J. Bishop Tingle, for a number of years a member of the Illinois Society faculty and who was married to Miss Nell Capps. Dr. Tingle has been for a number of years professor of Chemistry at McMaster University at Toronto, and has recently been elected fellow to the Royal Society of Canada. Membership in this society is a recognition that every chemist in Canada covets and since only ten members of this body may hold fellowship at one time the honor of being one of those selected is the highest that can come to a Canadian chemist. A Toronto paper has the following story about Dr. Tingle's preferment:

"The election of Dr. J. Bishop Tingle, Professor of Chemistry at McMaster University, as a Fellow of the Royal Society of Canada, and the grant of twelve hundred dollars awarded him by the Advisory Council of Scientific Research for his work in scientific chemistry, are both recognitions of his valuable contributions in his chosen department."

"An Old Country man, he was educated in British schools, and then went to Munich for his Ph. D. degree. Later he was on the staff at Johns Hopkins, and from this famous American university he came to McMaster about eleven years ago. He has been conducting investigations for some time, but since the early days of the war a large number of the chemists who have been doing such excellent work in connection with the preparation of explosives, were trained by Professor Tingle. He was nominated for the Royal Society by McGill, and seconded by Queen's and the University of Toronto."

"The grant from the Dominion Government will be used by Professor Tingle for an assistant in the laboratory to do research work."

WE HELP YOU

CELEBRATE

The Fourth of July means a good dinner and refreshments during the day. For that we supply ice cream delicious. Call or send orders by phone. Mullenix & Hamilton.

WILBERFORCE UNIVERSITY PROVIDES MILITARY TRAINING CAMP

Miss Alice L. Johnson arrived home some few days ago from attending Wilberforce University, Ohio, where she finished the teacher's elementary course. She comes home with honor and overjoyed with her year's work and is ready now to go out in the field of labor to help those whom her heart has long desired to help.

Wilberforce is an A. M. E. University and is greatly improving along all lines. This summer training industrial and mechanical camp is being held there for the entrainment of 400 boys. There is a military department at Wilberforce and young men who go to Wilberforce and take military training find themselves in front of others who know nothing of military life.

For this statement, it is said that 100 boys left Wilberforce and have been entrained for officers in the U. S. army. Twenty-five more boys left Wilberforce in April as clerks in the army and are now in France. From two to three hundred other boys left Wilberforce this year and serve our country, and many are "over there."

Jacksonville has sent several boys and girls to Wilberforce and they are proving the name of the school and show its data as they go all over the United States.

SPEAKING WILL FOLLOW PARADE

Immediately following the parade July 4th speaking will be held from the reviewing stand which will be located in front of the Ayers National bank. Dr. C. H. Rammelkamp, president of Illinois college will preside. Mr. M. F. Dunlap, county chairman of the National Council of Defense will read President Wilson's proclamation. Judge Owen P. Thompson will read the Declaration of Independence. Horace H. Bancroft, assistant director of the State Centennial Commission will present the county service flag. It will be received in behalf of the county by Miller Weir, the chairman of the Morgan county Exemption board.

WILL RIDE IN NEW STUDEBAKER CAR

Charles M. Strawn, distributor, has sold and delivered to Harold Strawn of Orleans a Studebaker Four of latest model. Mr. Strawn has three new Studebakers and several used cars in running order for delivery today or tomorrow.

OBSERVE THE FOURTH

With a good dinner which will be made perfect with the ice cream of Mullenix & Hamilton. Call or phone orders.

VISITORS FROM INDIANA

Cyrus Ryker and daughter, Mabel have been visiting Mr. Ryker's daughter, Mrs. Herbert J. Henderson and family of this city. They will go today to visit Mr. Henderson's daughter, Mrs. George Stevenson and family, of Champaign and there Mr. Ryker will be grandfather and great-grandfather.

W. P. NEUTZMAN IS WHITE HALL AGENT

Is Made General Agent on Consolidation of Express Companies in Greene County City—J. W. Trunnels Completes Making of Twenty First Consecutive Assessment.

White Hall, July 2.—The consolidation of the Adams, American and National express stations at White Hall became effective yesterday with the business in charge of W. P. Neutzman, the C. & A. railroad agent and the office will be retained at the C. & A. station, while no express business will be done at the Burlington station. The consolidation is the outcome of the American Railway Express Company taking over the express business of the country for the government, and these consolidations are in line with effective savings wherever possible. Thus R. F. Ballard, agent of the Burlington, relinquishes all connection with the express business. There is talk of the business being eventually handled from an up-town office. Mr. W. P. Neutzman, the agent of the American Railway Express Company, came to White Hall sixteen years ago. He was continued in the telegraph service of the Burlington for a short time after coming here, and then became operator at the C. & A. station, where he has since remained continuously. On the death of C. W. Secor three years ago, Mr. Neutzman was made agent, filling very acceptably and ably the place held by Mr. Secor for forty three years. Over thirty years ago, when the Burlington line was first built thru White Hall, the joint express agency was conducted at the C. & A. station for a few years and the present arrangement is in a measure history repeating itself.

Mrs. C. W. Chapman has accepted a position as teacher in the Chicago city schools, where her daughter Miss Natalia, has been employed for two years, and will go there in August.

J. W. Trunnels has completed the assessment of White Hall township for the twenty first consecutive year and he maintains a good showing. The total assessed value is \$3,735,657, based on the following total values: Personal, \$1,665,540, lands \$1,795,980, town lots \$352,190. The value of growing crops and live stock is placed at \$4,291,985. The value of crops in 1917 was \$588,153. The assessor listed 253 dogs in the township.

Advice from Mr. J. L. Grissold, Colorado, is that the state attorney, J. McMillan has been made a member of the state board of corrections, another indication of the state's interest in this promising White Hall boy.

Dr. H. L. Griswold was down from Jacksonville Thursday.

The bay mare Fanny Lee has been sold by S. D. Campbell, of Winchester, to parties in California, Illinois, and the animal has been shipped to Benton, Illinois. This promising individual has been under the training of Rex Campbell on the White Hall track since April 1st.

Miss Anna Richert has arrived home from Elkhart, Indiana, for the summer vacation from teaching.

Miss Nell Price returned Sunday from Glasgow, Scotland, where she spent a week or so with her parents while undergoing an experience with mumps, and has resumed stenographic duty at the office of the White Hall Sewing Pipe & Stenograph Co.

Carl Richert has given up his stenographic position in St. Louis for the more exhilarating occupation of harvesting.

Miss Jane Davis is here from Athens, Texas, on her first return visit since her departure some ten years ago, and she has developed into one of the soldier boy delights.

THRASHING OUTFITS IN GOOD CONDITION.

The thrashing work of Morgan county is just beginning and as prices for grain have been fixed by the government, practically all farmers will seek to thresh from the shock instead of trying to stack. Indications are that thrashing outfits are in better condition than usual because Food Administration M. F. Dunlap at the suggestion of the government took the matter up a number of weeks ago. C. T. Mackness was asked to serve as chairman of the special committee for securing reports from thrashermen. There is quite a long list of men in the county who own and operate machines and each one was called upon for a report, giving the name of the machine owned, the year purchased and various facts about the condition. A statement was also asked as to the amount of threshing of different grains done in 1917. As a result of filling out these reports there is a natural disposition on the part of the machine owners to put both machines and engines into good working condition.

CENTENNIAL FLAGS AT Lane's Book Store.

Mr. and Mrs. Green of Peoria arrived in Jacksonville Tuesday evening to visit her father, J. W. Peaker of Independence avenue and her sister, Mrs. William Crews of Clay avenue.

A. B. Carter and Henry Crews and her sister Mrs. William Crews left for Moline in their car Tuesday morning to work in the government munitions plant.

Miss Dorothy Eads has been spending the past week in Louisville, Ky., the guest of her brother, Corp. William Eads, who has been in the army service at Camp Taylor since last fall.

WE WILL CLOSE
our store at 2 o'clock in the afternoon July 4th. Myers Brothers.

Women employed by the Baltimore and Ohio railroad to sort scrap iron are paid 22 cents an hour for their work.

PLAN TO ENACT WIRE LEGISLATION AT ONCE

Seek to Pass Law Authorizing President to Take Over Telegraph and Telephone Systems Before Summer Recess.

Washington, July 2.—Plans for enacting legislation before the summer recess, authorizing President Wilson to take over telegraph, telephone, cable and radio systems went forward in congress today while three members of the cabinet emphasized their approval of the proposal before the interstate and foreign commerce committee.

Leaders in both houses expressed the opinion that the legislation could be passed without great delay, tho some opposition from members opposed to any further grant of power to the executive branch was to be expected.

The house committee after hearing Secretaries Baker and Daniels and Postmaster Burleson arranged to meet tomorrow to prepare a report on the resolution of Representative Aswell of Louisiana, which has been endorsed by President Wilson. Secretary Daniels and Postmaster Burleson frankly advocated permanent government ownership of wire and radio communications. Mr. Baker was not prepared to go that far, but he joined his colleagues in urging government control during the war as a military necessity to protect government secrets and facilitate the transmission of government dispatches.

The heads of the two war-making branches declared their attitude was not influenced by the strike of Western Union operators called for July 8 and was based entirely upon military needs.

Mr. Burleson long an advocate of government operation of communication, said the threatened strike was one reason for action at this time.

What promised to be a hitch in the program for expediting the legislation developed in the house during the day, but later was cleared up. Representative Gordon of Ohio, moved that the well resolution be taken from the commerce committee and referred to the military committee since it was proposed as a military necessity. The motion was carried without opposition but upon hearing a statement by Chairman Sims, of the commerce committee the house reversed itself.

The military committee considered a resolution by Representative Lunn of New York, similar to that of Representative Aswell but providing specifically for the operation of the communicating systems as far as possible under the plan applied to railroads.
